2. PURPOSE:

This Command Memorandum Circular sets forth the general guidelines, procedures and tasks of police offices/units/stations in the conduct of the Philippine

National Police (PNP) Anti-Illegal Drugs Campaign Plan - PROJECT: "DOUBLE BARREL" in support to the Barangay Drug Clearing Strategy of the government and the neutralization of illegal drug personalities nationwide.

3. SITUATION:

According to the DDB's 2015 National Household Survey, there were around 1.8 million drug users in the country wherein 38.36% of which are unemployed. As of February 2016, PDEA reported that 26.91% or 11,321 out of the country's 42,065 barangays were "drug affected" (mostly in urban areas). A barangay is said to be drug-affected when there is a proven existence of drug user, pusher, manufacturer, marijuana cultivator or other drug personalities regardless of number in the area. On record, NCR has the highest rate of affectation with 92.96% of the region's barangays, followed by CALABARZON at 49.28%.

Based on PDEA's 2015 arrest data, methamphetamine hydrochloride or shabu (90%) reportedly tops the list of most abused illegal drugs, followed by marijuana and costly party drugs like cocaine and ecstasy.

The afore-cited statistical data is indicative of the worsening drug problem that has victimized mostly the underprivileged and impoverished sector of the society. Although much has already been done and accomplished in the national campaign to eradicate illegal drugs, yet the problem persists and it continues to breed social ills. Apparently, in the quest to go after high level drug traffickers, the government seems to have overlooked the worsening drug problem at the grassroots level.

The archipelagic set-up of the Philippines is exploited by traffickers to transport illegal drugs and controlled precursors and essential chemicals into the country. The international and local airports and seaports, mail and parcel services and the vast expanse of coastline are being utilized as entry and exit points.

There are three transnational drug organizations operating in the Philippines, namely:

- a. The Chinese or Filipino-Chinese drug syndicates dominate the drug market in the country. They facilitate production, manufacturing and bulk smuggling of dangerous drugs in the country. These activities ensure the supply of drugs in the market. Their activities are largely concentrated within their group, with the inclusion of very few and well-selected locals;
- b. The African Drug Syndicate (ADS) is responsible for smuggling drugs through the airports using drug couriers/swallowers; and
- c. The Mexican-Sinaloa Drug Cartel is a new drug group operating in the Philippines. They associated with the Chinese drug Group to penetrate the Philippine market.

4. MISSION:

The PNP shall implement the PNP Anti-Illegal Drugs Campaign Plan – PROJECT: “DOUBLE BARREL” in order to clear all drug affected barangays across the country, conduct no let up operations against illegal drugs personalities and dismantle drug syndicates.

5. EXECUTION:

The PNP intends to equally address illegal drug problems in the barangays and at the same time pursue the neutralization of illegal drug personalities as well as the backbone of illegal drugs network operating in the country.

a. Concept of Operations

This CMC will be launched and implemented on the first day of office of the CPNP. To generate impact and public support, all police offices/units/stations and designated anti-drug units shall conduct massive and simultaneous operations in two pronged approach.

The PNP Anti-Illegal Drugs Campaign Plan - Project: “Double Barrel” will be conducted in a two-pronged approach, namely: PROJECT TOKHANG and PROJECT HVT.

The lower barrel approach will be the conduct of PROJECT TOKHANG in all drug-affected barangays throughout the country in coordination with the Local Government Units (LGUs) particularly the Provincial/City/Municipal/Barangay Anti-Drug Abuse Councils (ADACs), Non-Government Organizations (NGOs), stakeholders, and other law enforcement agencies.

The **PROJECT TOKHANG** is a practical and realistic means of accelerating the drive against illegal drugs in affected barangays. This concept involves the conduct of house to house visitations to persuade suspected illegal drug personalities to stop their illegal drug activities.

There are five (5) stages in the conduct of “PROJECT TOKHANG” namely: **Collection and Validation of Information Stage, Coordination Stage, House to House Visitation Stage, Processing and Documentation Stage, and the Monitoring and Evaluation Stage.**

1) Collection and Validation of Information Stage

The collection and validation of information shall be conducted on the first week of the first month of the President’s term. All local police offices/units/stations and anti-illegal drugs units shall conduct validation to acquire specific information on suspected drug users and pushers in every affected barangays.

The identity and criminal activities of each target must be properly documented and verified with all possible sources to equip the team with accurate and solid proofs when confronting suspects during house to house visitations.

2) Coordination Stage

Coordination shall be made with the following government agencies, stakeholders, and non-government organizations prior to the conduct of actual house to house visitations to ensure success of the activity.

- a) All concerned local police offices/units/stations shall coordinate with the LGUs to provide support for the activity and ensure compliance of subordinate offices;
- b) All local police offices/units/stations shall also coordinate with BADAC to assist in the conduct of house to house visitations and referral of drug users;
- c) PNP Anti-Illegal Drugs Units/Offices shall coordinate with the Philippine Drug Enforcement Agency (PDEA) to assist in the conduct of investigation of suspected drug personalities;
- d) The Chief of local police units/stations shall direct the Police Community Relations Sections to coordinate with the LGUs, ADACs and Dangerous Drugs Board (DDB) for the rehabilitation of drug users;
- e) The Chief of local police units/stations shall direct the PIO/PCR section to coordinate with the QUAD Media for the public information and media coverage of the activity; and
- f) The Chief of local police units/stations shall direct the Police Community Relations Section to coordinate with other NGOs to solicit necessary supports for the activity.

3) House to House Visitation Stage:

The actual house to house visitations of suspected drug personalities shall be the highlight of PROJECT TOKHANG. It shall be conducted simultaneously nationwide on the first day of the Office of the CPNP. The following shall be undertaken in the conduct of house to house visitations:

- a) The chief of the concerned police units/offices shall organize a team led by a PCO to conduct house to house visitation and shall at all times ensure their safety and security;

- b) The designated team leader shall ensure the presence of members of PADAC/CADAC/MADAC/BADAC and barangay tanod to assist them and to serve as witnesses in the conduct of house to house visitation;
- c) The conduct of house to house visitation must be done in a manner that shall not violate the rights of the subject; and
- d) Any person who is willing to undergo voluntary rehabilitation shall be processed accordingly.

4) Processing and Documentation Stage

- a) All suspected drug personalities who shall voluntarily surrender shall be required to fill-out a Voluntary Surrender Form;
- b) Personalities who voluntarily surrendered shall be urged to subscribed under oath before a notary public, to be assisted by a counsel and witnessed by parents/guardians and/or barangay officials;
- c) All suspected drug personalities who shall voluntarily surrender themselves to the visiting team shall be referred/invited to the local police station for interview, documentation, and other alternative actions. Provided, that they execute undertakings to cooperate by giving voluntary information regarding illegal drug activities;
- d) All suspected drug personalities who shall surrender any dangerous drugs or its derivatives and drug paraphernalia shall be processed accordingly. Provided, that they execute undertakings to give voluntary information about any violations of specific provisions of RA 9165 as stated under Section 33 thereof;
- e) Any person suspected to be involved in illegal drug trafficking who denies or refuses the house to house visitation shall be referred to the Anti-Illegal Drug Units for immediate case build-up and negation;
- f) In the absence of the suspected drug personality, the parents, guardians or any responsible adult in the house shall be notified about the purpose of visit and shall be advised to relay the same to the subject;
- g) All police officers tasked to conduct house to house visitations shall exercise caution at all times. They shall wear their proper uniform and perform their tasks with authority, firmness, and conviction; and

- h) The Chief of concerned police units/stations must submit after activity report to the Regional Director of PROs thru the Regional Anti-Illegal Drugs Special Operation Task Group (RAIDSOTG), not later than 24 hours every after the activity.

5) Monitoring and Evaluation Stage:

- a) When reports of illegal drug activities persist despite the house to house visitations, the chief of the local police unit/stations and anti-illegal drugs unit in the area shall immediately initiate police action in coordination with the ADACs for the legitimate arrest and filing of appropriate criminal charges against persons who are subject of house to house visitations;
- b) Weekly monitoring of drug personalities to determine their status and whereabouts shall be conducted by all concerned local police units/stations and anti-illegal drug units in the affected barangays in coordination with BADAC. Likewise, they shall submit weekly reports/updates to their Regional Directors thru the RAIDSOTG; and
- c) The Regional Director of PROs thru the RAIDSOTG shall also submit weekly update of the project to the Directorate for Operations (DO), copy furnished the PNP Anti-Illegal Drugs Group (AIDG).

The upper barrel approach will be the conduct of PROJECT HVT by dedicated focus teams from AIDG, PROs, Districts of NCRPO, PPOs, and CPOs. The focus teams shall be composed of investigators, intelligence operatives and tactical personnel from National Support Units who shall be detailed to AIDG, while focused teams from PROs, Districts of NCRPO, PPOs and CPOs shall be generated from the Regional Support Units and Public Safety Forces.

The **PROJECT HVT** is a massive and reinvigorated conduct of anti-illegal drugs operations targeting illegal drugs personalities and drug syndicates.

This approach will be employed at the national, regional, district, provincial and city levels to avoid overlapping of operational functions, as follows:

- 1) AIDG shall conduct anti-illegal drug operations focusing on national and regional level traffickers and international trafficking;
- 2) Regional Anti-Illegal Drugs Special Operation Task Group (RAIDSOTG) headed by the Regional Director, PROs shall concentrate on illegal drug trafficking across district/provincial boundaries;

- 3) Provincial Anti-Illegal Drugs Special Operation Task Group (PAIDSOTG) headed by the Provincial Director, PPO, District Anti-Illegal Drugs Special Operation Task Group (DAIDSOTG) headed by the District Director, NCRPO, and City Anti-Illegal Drugs Special Operation Task Group (CAIDSOTG) headed by the City Director, CPO/COP, CPS shall conduct operations against illegal drug trafficking across city/municipal boundaries; and
- 4) Station Anti-Illegal Drugs Special Operation Task Group (SAIDSOTG) headed by the Station Commander/COP shall be responsible for eradicating street-level distribution through barangay drug clearing operations pursuant to DDB Regulation No.2 Series of 2007.

b. PNP Oversight Committee on Illegal Drugs
